U8 Tournament-

Mike Hodges- the U8 tournament has been removed from the budget due to financial constraints. Mike would like to see this brought back under its original guidelines, a fee based tournament for awards only, with the league picking up the referee's fees. This tournament was designed to replace the seeding tournament that was taken away from the U8's and he would like to see it continue. Please consider this, as he will put a motion on the floor next month to re-instate this tournament.
